

GENERALS ARE TOO LOW FOR LOW WENDEWORTH

Debate on Budget is Finished in
Ottawa House Early Last
Evening

FINANCE MINISTER ADMITS
REDUCTION MUST COME

Thinks, However, That Time is
Not Yet Ripe For the
Suggested Reductions

By Hallett Lessard Wire.
Ottawa, May 22.—The budget debate was concluded at 11 o'clock on an early hour this evening. There came consideration of the various proposals of the tariff and the budget of 1913-14. The debate was opened by Hon. W. T. White, when he made his annual fiscal statement. There was much discussion of the complicated new charges arising out of the tariff reduction and the West India agreement was largely a technical character.

The debate was continued through out the day by Mr. B. Carvell (Carleton Place), Mr. Edwards (Ottawa), Mr. Oliver (Edmonton), and Hon. Mr. White, minister of finance, who closed the discussion with a short speech in which he replied to the criticisms of the opposition.

The minister, while agreeing that a revision of the tariff some time soon would be necessary, declared that the large surplus, though there should not be reductions in the tariff at once, it is not necessary to reduce the tariff at once. He declared that the time had not yet come when more relief should be given in the tariff of the tariff. He declared that the time had not yet come when more relief should be given in the tariff of the tariff.

**\$4,000 WAS AWARDED
FOR DISHONOR**

Judgment Given For Plaintiff at Court
Justice Court By J. W. Crowe
Next Pass Court Company.

Fernie, B.C., May 21.—In the assize court today Mr. Justice Murphy presiding in the case of Bird vs. the Crow's Nest Pass Coal company, the plaintiff was allowed four thousand dollars and costs in an action for five thousand dollars compensation for the loss of a hand while in the employ of the defendant company.

A BIG COMMISSION.

Gets Half a Million for Sale of Secret
Process to C. N. R.

Toronto, May 22.—Half a million dollars was paid today to the Canadian Pacific for the sale of a secret process for the manufacture of dynamite to the Canadian Pacific.

British ships sold.

London, May 22.—Several British steamships ranging from 1,000 to 2,000 tons have been sold to Japanese companies, the largest being a 2,000-ton ship.

SIR MAX AITKEN GETS MEDICINE HAT FRANCHISE

By Large Valley City Desires to Give
Avenue Street Railway franchise to Private Corporation.

By Hallett Lessard Wire.
Medicine Hat, May 22.—By a vote of 181 to 181 the burgesses of Medicine Hat today decided to grant a street railway franchise to Sir Max Aitken. The vote was the largest ever cast on a local by-law.

**BORDEN'S CABINET
NOW REPUDIATES
HIS NAVAL POLICY**

This is Assertion of Henri Bourassa on War and Naval Policy in Discussing Question

Montreal, May 22.—In a bitter attack against Premier Borden today, Henri Bourassa, leader of the opposition, repudiated the naval policy of the Borden government. He declared that the Borden government had repudiated its naval policy and that it was now a matter of time before the Borden government would be forced to do so.

WINNIPEG BUSINESS MEN ARRIVE

Are Greatly Pleased With Country
They Have Seen Along
Canadian Northern

**ENOUGH PROMINENT
MEN IN THE PARTY**

Will Spend the Day in Edmonton
and Then Return Along
G.T.P.

The Winnipeg Business Men, eighty strong, came in on the Canadian Northern train last night at 8:30. They were met at the train by a party of Edmonton business men, most of whom had driven to the Winnipeg party. There was a glad meeting, but the parties broke up, some of the Winnipeg men going across to look about a little, and walk as a relief from the cramped quarters of the train.

First Annual HUDSON'S BAY Tree Planting Day

**In the Future Arbor
Day will be our
Annual Tree-Planting
Day**

Hudson's Bay Tree Day—To be an annual event.

The prairie cities are, unfortunately, without the numerous handsome shade trees we find in the east and the coast towns. Nature has been rather unkind in this respect and has given us but a few trees here and there—and for the most part small, not over-beautiful trees. And it is this perhaps more than anything else, that has been responsible for the reference to the prairie cities as "in the brush."

Now, in accordance with our desire to make Edmonton a "city beautiful" we have secured for free distribution some 3,000 Manitoba Maple trees—a tree that thrives exceptionally well in the west and especially in this part of the Dominion. These trees were to have reached us Arbor Day—and we had planned to make Arbor Day our First Annual Tree Planting Day. However, this shipment went astray and all efforts to locate it in time failed. We were very sorry, indeed, to have to disappoint our many little friends who called at that time for a tree. But nothing can possibly happen now to mar our preparations. The trees are here and in our windows—they will be given free to every school boy or girl who presents a printed card from his or her teacher—and any child accompanied by a parent is entitled to a tree. Distribution takes place tomorrow, starting in the morning and continuing until our supply of trees is entirely exhausted.

These Manitoba Maples are from four to six feet in height, well rooted and in perfect readiness to plant. Given proper care, they will grow rapidly and a few years hence you will be delighted and refreshed by their welcome shade. You, young men and young women, can do much to beautify your city and make it one of the handsomest in the land. Help nature—she gives us the sunshine that has made our Province famous the world over as "Sunny Alberta"—now let's yet together and assist good old nature in making our own beautiful city more lovely—a city that will impress visitors and make them want to stay with us. We have the natural resources to make us a city of wonderful wealth and power—why not make this, the Capital City, one of great beauty as well?

So, come here tomorrow, bring your ticket—or have mother or father come with you if you haven't a ticket—and take home with you a tree that will grow as you grow and by and by give you refreshing shade from the summer suns.

THE HUDSON'S BAY COMPANY

AROUND THE CITY

Superintendent Woodroffe of the street railway department has announced that the work of moving the new car barns will be started on Monday next. He expects it will be a month before the old barns are dismantled.

Although Mayor Smith, Commissioner McLean, Medical Health Officer Whitlock, Waterworks Superintendent Turner and Police Inspector McCallum met yesterday afternoon to discuss the question of what is to be done with the old car barns, no decision was reached. Dr. Whitlock said that the city was asked for further suggestions and until these additional reports are in, no action will be taken.

After a very brief illness, the death occurred this morning of Mrs. Mabel Storey, wife of J. C. Storey, at the family residence, 124 Twenty-first street. A funeral arrangement will be announced later.

EMPIRE DAY EXERCISES.

The Empire Day exercises for the higher grades of the Public schools will be held at the McCallum school this afternoon at half past two o'clock. Lieut.-Gov. McCallum will review the cadets, and the Imperial Chapter of the Order of the Empire will present prizes for cadet essays. The Royal Chapter of the Order of the Empire will present prizes for essays on the subject of the Empire. The exercises will be held at the McCallum school.

MAY BURN RUBBISH IN CANS.

Unless it can be proven that the practice is dangerous, the city cannot prevent citizens from burning their rubbish in cans at the rear of their premises. The city has received several complaints from neighbors who have been told by police officers that they cannot burn their rubbish in cans at the rear of their premises. The city has received several complaints from neighbors who have been told by police officers that they cannot burn their rubbish in cans at the rear of their premises.

SHOCKER GETS FORTUNE.

Robert Adams, who was killed in a North Edmonton auto crash, has been left a fortune of \$25,000, by a relative in the United States who died the other day. Adams has worked in the shoe shine parlor for six months. He has a home and has spent two summers on it, but has not very good fortune in business and was compelled to take the job in the shoe shine parlor as he was hard up.

IN THE POLICE COURT.

Magistrate Worley decided in favor of John McPherson, defendant, against Superintendent of the stores and works department, who was charged with the charge of neglecting to repair a car. The car was damaged and the plaintiff was injured. The court found in favor of the defendant.

FROM PHILIP TO POST.

Harry Night of American Post-Emigrant to Land in Either Country. New York, May 22.—Until either the Cuban government or the United States immigration officials permit Walter Schults, 22 years old, to land at Havana or New York, he will be shipped back and forth between the two ports with every sailing of the steamer Havana, which he reached this port today. Schults was injured about a year ago and landed in Cuba. When asked to travel he was deported and a rejected alien sent back to the port from which he sailed, in this case New York. Under the regulations the immigration authorities here are sending him back to Cuba. Schults is unable to work and is in, and in whichever country he is permitted to land, would become a public charge, it is declared.

SENT TO PRISON FOR CRUELTY TO A HORSE

Two Alf, Hired Man, and Mike Lanning, who were charged with the crime of beating and kicking a horse, were sentenced to prison for two years each.

At the court house today, Judge Alf, Hired Man, and Mike Lanning, who were charged with the crime of beating and kicking a horse, were sentenced to prison for two years each. The judge found them guilty of the crime and sentenced them to prison for two years each.

UNITED SERVICE CLUB.

The members of the Active Military, Territorial, and Naval Reserve in the city are forming a United Service Club for the district. The club will have a committee of officers to draw up a constitution and by-laws for the new club.

News of the South Side

SOUTH SIDE OFFICE: 410 W. 11TH ST.

The Young People's Guild of Knox Presbyterian Church, Main street, will hold a picnic at Riverview Park on the afternoon of Saturday, May 24th. All the young people of the guild are invited. The program will begin at 2 p.m.

The entertainment entitled "The Old Folks Party," so successfully given by the members of the Knox Presbyterian Church in their own church, will be repeated in the Carnegie Methodist Church on Friday evening at 8 p.m. The Carnegie church is situated at the terminus of the Mill Creek branch of the street car line on the south side.

P. O. HOURS ON SATURDAY.
On Saturday, Victoria Day, the general delivery window of the South Side post office will be open only from 9:30 to 9:45 a.m. and from 2 to 3 p.m.

INTER-CLUB SHOOT SATURDAY.

An inter-club shoot will be held on Victoria Day at the Northern Gun Club grounds, south-end, with the level bridge. Between the members of the Greater Edmonton Gun club and the Northern Gun club, the shooting will commence at ten a.m. sharp.

SOUTH SIDE MARKETS.

Farmers are still busy with spring work and supply of farm products are scarce at the South Side markets. Timothy is quoted at \$20 to \$24 per ton. No wild hay is offered. Oats are scarce and quoted at \$10 per bushel. A few potatoes are offered at 60c per bushel.

OTHER MARKET PRODUCTS ARE SCARCE.

PRESBYTERIAN SOCIETY NEWS.

There are now seven thriving troops of boys scouts connected with the Presbyterian congregations of the city. They meet Saturday afternoon at 5:30 and devote the morning to training in scouting, signalling, and conducting with the cooking of their own dinner while camping. Next Saturday all the Presbyterian congregations will meet at 8:30 a.m. in the church of White avenue and Fifth street east. At this rendezvous, Master Edenshaw will give the troops their marching orders for the day. If the weather is so, the scouts from the kids of the city will have a recent celebration of Victoria Day in true scout fashion.

PRESBYTERIAN SCOUTS' GUIDE.

Monday—Westminster troop, 7:30 to 9:00 p.m.
Tuesday—Erlingston troop, 7:30 to 9:00 p.m.
Wednesday—Wye road troop, 7:30 to 9:00 p.m.
Thursday—Dr. McQueen's Own, 7:30 to 9:00 p.m.
Friday—Knox troop, 7:30 to 9:00 p.m.
Saturday—Robertson troop, 7:30 to 9:00 p.m.
Saturday—Manoeuvre for all Presbyterian troops, 9:20 a.m. to 4 p.m.

LAW EXAMINATIONS.

The law examinations held in Edmonton and Calgary, under the auspices of the Senate of the University of Alberta and the Law Society of Alberta, begin next week. The students are writing. In Calgary there are 14 for 1st year, 9 for 2nd year and 20 for final year. In Edmonton there were writing for 1st year 21, for 2nd year 18, and for final year 10. It will be noted that in Greater Edmonton there are two more candidates for the law examinations than in Calgary. Besides, there are several candidates writing for the degree of LL.B. at both Calgary and Edmonton.

The students will begin writing on the 1st and 2nd year examinations on May 15th. The students writing on their final year will begin writing on June 2nd, and the candidates for the degree of LL.B. will begin writing on June 8th.

The examination will be held in the McKay avenue school, Edmonton, and in the Normal School, Calgary, and will begin at 9:30 a.m. on the dates mentioned.

WHOLESALE PUFFING.

The Canadian Pacific Railway for some time past has been subject to losses through petty puffing from the cars in the South Side yards. Last week, however, the puffing became almost wholesale. It is reported that nine cars were broken into in one night. From one car a case of Winchester rifles, half-dozen automatic pistols and a quantity of ammunition taken. Special detectives are being detailed for the cases. Chief of the C.P.R. Police Carpenter arrived in the city yesterday on a general mission but will make arrangements for full investigation of the matter while here.

SOUTH SIDE POLICE COURT.

The police docket yesterday morning was a long and varied one. Four drunks paid \$4 and costs for failure to properly conduct themselves at the C.P.R. depot. In the case of F. G. Chapman and Frank Murray, charged with attempting to pass a forged document, Chapman was discharged, as Frank Murray on the witness stand in Chapman's behalf admitted his guilt. He claimed that he was drunk at the time and asked that his trial be brought about as quickly as possible. The magistrate committed him for trial at the next sitting of the court.

A case of non-payment of wages was remanded till Monday, May 20.

Sweet Tone

A case of non-payment of wages was remanded till Monday, May 20.

Half A Million Subway Damages

Property Owners Present Staggering Claims for Damages Caused by C.R. Subway

Claiming half a million dollars from the city for alleged damage to their property on each side of Jasper avenue between Ninth and Eleventh streets, owing to the construction of the C.P.R. subway at that point, H. J. Dawson, S. J. Rogers, T. J. McNamee and T. J. O'Leary, representing the property owners affected, waited on Mayor Short yesterday afternoon.

They stated their case, were heard by the mayor, and then left, after being promised that their application would receive due consideration.

Try to Secure General Strike.
Port Arthur, May 22.—Labor men in sympathy with the striking railway men are making efforts to have all other unions in the two cities declare a general holiday to commence Monday morning and continue till the strike is ended to the satisfaction of the men.

Victoria, B.C., Has Hard Proposition.
London, May 22.—The Canadian Associated Press learns that efforts are being made to underwrite the City of Victoria four and a half per cent. loan of \$50,000 pounds at 55. This is a stiff proposition in view of the present congestion and the result is likely to be very satisfactory.

In a few weeks, perhaps in a few days now, the steel rails which have come across the valley on the high level will rest on the end of the grade which is now in view of the present promise time.

The logs of the river drive have been graded and cement sidewalks laid past the comfortable dwelling of the dwellers in the hills.

Many of these residents of Garrison own their own homes and it has been an interesting sight, these fine spring evenings to see business men who live there have exchanged their homes, transforming their patch of bush land into a lawn or garden for flowers or vegetables.

This part of the city will still bear the mark of newness for this year at least. But in another year or so the Garrison will become one of the old established residential districts of the city.

WATERLOO NEWS NOTES.
The concrete abutment for the low level bridge is complete. Steel erection will not begin till the steel arrives and in any case not till danger of high water is past.

There is much work which could be begun on the approaches so that when the steel is erected the bridge will be ready for traffic.

In the case of the East End bridge last year the steel structure was ready but the bridge could not be used for a long time owing to the approaches not being ready.

At the Waterloo new level bridge both the approaches are in the city. At the East End bridge the provincial government constructed the approach on the South Side long before the city had made a good start at their work for the approach at the north end.

The weather is now much better for grading bridge approaches than after the rain came and teams and men would be easier to get than when everybody huddles just before freeze-up.

Work on the high level bridge is being progressed. It is now across the flood and the north end is nearly ready for the final leap across the last gap.

In a few weeks, perhaps in a few days now, the steel rails which have come across the valley on the high level will rest on the end of the grade which is now in view of the present promise time.

The logs of the river drive have been graded and cement sidewalks laid past the comfortable dwelling of the dwellers in the hills.

Many of these residents of Garrison own their own homes and it has been an interesting sight, these fine spring evenings to see business men who live there have exchanged their homes, transforming their patch of bush land into a lawn or garden for flowers or vegetables.

This part of the city will still bear the mark of newness for this year at least. But in another year or so the Garrison will become one of the old established residential districts of the city.

WATERLOO NEWS NOTES.
The concrete abutment for the low level bridge is complete. Steel erection will not begin till the steel arrives and in any case not till danger of high water is past.

There is much work which could be begun on the approaches so that when the steel is erected the bridge will be ready for traffic.

In the case of the East End bridge last year the steel structure was ready but the bridge could not be used for a long time owing to the approaches not being ready.

At the Waterloo new level bridge both the approaches are in the city. At the East End bridge the provincial government constructed the approach on the South Side long before the city had made a good start at their work for the approach at the north end.

The weather is now much better for grading bridge approaches than after the rain came and teams and men would be easier to get than when everybody huddles just before freeze-up.

HON. ISAAC BROOK LECHE, the new President of the Ontario, Mr. Brock is now for the duration of the strike is a lawyer.

\$3,000 GOES FOR VALVES NOBODY WANTS THEM

Somebody, in Past Two or Three Years, Purchased Big Order, Says Superintendent Litchman, But Now City Departments Will Not Use Them

Somebody, sometime, purchased more than \$3,000 worth of valves for use by city departments. Now, apparently, nobody wants to use them.

The valves are stored in the present congestion and the result is likely to be very satisfactory.

In a few weeks, perhaps in a few days now, the steel rails which have come across the valley on the high level will rest on the end of the grade which is now in view of the present promise time.

The logs of the river drive have been graded and cement sidewalks laid past the comfortable dwelling of the dwellers in the hills.

Blended to Suit Hard Water

Most teas are lost in hard water: Not so Red Rose Tea. It is distinctive in this respect, being specially selected and blended to suit the hard water of the Prairie Provinces. No matter how hard the water it cannot destroy the rich strength and flavor of Red Rose Tea. This is one of the main reasons, perhaps, why Red Rose is such a favorite.

In 1 lb. and ½ lb. lead packages at 40, 50 and 60c.—also in tins of 3 lbs. and larger.

RED ROSE TEA IS NEVER SOLD IN BULK

N.B.—Coffee users will find Red Rose Coffee as good as any other.

PATTERSON STRIKE BROKEN.

Silk Mill Owners Declare They Have Won Labor War.

Patterson, N.J., May 22.—Not more than twenty strike pickets turned out today to jeer the hands that have returned to work in the Fiske silk mills and there was no disturbance of any kind. The call of the Industrial Workers of the World leaders for a general strike of pickets failed to meet with general response and shops and mills that have been picketed regularly in the past had none on hand this morning. The manufacturers assert that the strike is broken at all points except in the big mills. The strike leaders on the other hand say that defections have been few and that the strike will go on unabated.

New Steamship Service Begins.

Vancouver, May 22.—The British steamer Flinchbaugh, which reached Vancouver late today from London and European ports via the Orient and first vessel to come here under the auspices of the Royal Mail Steam Packet Co. Her presence here means that this port has now five regular lines with Europe.

A case of non-payment of wages was remanded till Monday, May 20.

The police docket yesterday morning was a long and varied one. Four drunks paid \$4 and costs for failure to properly conduct themselves at the C.P.R. depot. In the case of F. G. Chapman and Frank Murray, charged with attempting to pass a forged document, Chapman was discharged, as Frank Murray on the witness stand in Chapman's behalf admitted his guilt. He claimed that he was drunk at the time and asked that his trial be brought about as quickly as possible. The magistrate committed him for trial at the next sitting of the court.

EVANS TELLS OF THE SCOTT EXPEDITION

Great Antarctic Hears First Story of British South Pole Expedition

TOUCHED LIGHTLY ON FINAL TRAGEDY

Recounts Adventures Which Befell Scott When Ice Bridge Gave Way

London, May 22.—Before an immense and distinguished audience in the Royal Albert Hall, last night, Commander Evans, who accompanied the British South Polar expedition, which cost the lives of Captain Scott and his companions, Commander Evans, gave the first story of the expedition.

Lady Scott and the widows of other explorers who perished were present. Lord Kitchener, president, and among those who listened to Commander Evans' narrative were Prince Louis of Battenberg, the Duke of Somerset, Lord General Sir Robert Baden-Powell, Admiral the Earl of Edmund, Lord Mountbatten, Sir Archibald Hunter, Sir Francis Marshall (president of the Royal Geographical Society), Admiral Sir Edward Peck, Sir John Hoyer, and Felix Schuster.

Members of Evans on the platform were the following members of the Scott expedition: Commander Scott, Lieut. Dyer, Surgeon Atkinson and Messrs. Moore, Haining, Cherry, Garsard, Priestly, Dean and Mather. The occasion was only semi-public, those present consisting of members of the Royal Geographical Society and their friends, but there was not a second seat in the gallery.

Commander Evans' story was told modestly, the speaker being held for the most part to a description of the expedition by pictures that were thrown on a huge screen.

The commander told the story of the Terra Nova's southward voyage in 1910, incidentally mentioning that Scott was prepared to make Cape Century his base but that a storm had blown him to a new place. As no good landing was found the ship was taken to McMurdo Sound, a little ice, which Scott named Cape Evans, was selected as an ideal spot for wintering. The weather was so bad that when they first landed that the ice melted and they were able to get on fresh water. They even drew their drinking water from a cascade. Ice

causes were built in which to store fresh mutton and to conduct magnetic observation.

Ice Bridge Gave Way. In describing the work on the ice bridge, which was the first wintering after the base station had been established, Commander Evans related the story of an exciting adventure which befell Messrs. Scott, Meek, Garsard and Wilson on their homeward journey with the dogs.

"Scott and Meek," he said, "had the misfortune to run along the snow bridge over a crevasse. The bridge gave way and all the dogs but one, the leader, and the two rear animals, disappeared down a yawning chasm. With the greatest difficulty the dogs were rescued, Scott and Meek were rescued by Wilson and Garsard in the crevasse. They found the dogs treading around, suspended by their harness, fighting, howling and snapping. One by one they were freed from their perilous position. Scott and Meek were rescued. As each animal regained safety he lay down and slept. It was an anxious period for all concerned. Captain Scott spoke most highly of the behavior of Wilson, Meek and Garsard on this occasion.

With a few thrilling incidents Evans related to the audience his story of the heroism of his companions, Crean and Lashly, who, when he was overpowered by enemy, stood by him and dragged him on the sledges 75 miles to Hut Point.

Returning once more to the details of the southern party, Commander Evans related the story of the death of Scott and his companions on the ice bridge.

Russian Laborers Imported By The C.P.R. Under Armed Guards

Liberal Member for Moose Jaw Makes Charge in House of Commons—Laborers Brought to Moose Jaw in Locked Cars With Uniformed Guards—Fired on When They Attempt to Escape.

Ottawa, Ont., May 21.—In the House of Commons this morning, Mr. K. Knowles, of Moose Jaw, charged that the C.P.R. had been importing Russian laborers under contract and transporting them under armed guard. He drew attention to the fact and asked if the Premier to the fact and asked if he had been notified.

Mr. Knowles stated that this was the first he had heard of the matter, but that he would investigate at once. The location, he said, Mr. Knowles called attention to made in a communication from the Trade and Labor Council of Moose Jaw. This letter states that about April 1st the C.P.R. brought to the labor district a train load of Russian laborers in locked cars and under the supervision of armed uniformed guards.

Fired on by Guards.

The communication goes on to allege that they were improperly fed and they attempted to escape by jumping from a moving train. A number injured themselves in the attempt and others were fired upon by the guards. The report also states that their escape across the prairie and have not been heard from since that time. The report also alleges that they were not paid for their work.

STORY OF DROWNING FRASER WAS MYTH

Three Men, Supposed to Have Been Lost, Have Arrived Safe at Fort George—Wife Received in City Today

The three Edmonton men who it was rumored had been drowned in the Fraser river while on a trip to Fort George, have arrived safely at their destination.

A wire was received by the manager of the Stannicum and Realty company, of First street, Edmonton, today from G. L. McDowell, stating that the party had arrived at Fort George. The journey was made from Fort George in seven days.

There is apparently no way of ascertaining for the rumor which got out in the city that the three men had been drowned. Not much redress was given to the story, as it was found that there were seven in the party and only three were said to have been drowned. It was said that the other four were the other members of the party. Nature, it was said, had been very kind in making the party were delighted today when the good news came through.

The days are admitted by the C.P.R. The investigation, he said, Mr. Knowles read from the Trade and Labor Council claimed that the importation of alien laborers under contract and under such conditions was a violation of the laws of the country. He said that there be an investigation and the offending parties prosecuted.

Frederic Knowles asked to let him have a copy of the communication and promised that the matter would be dealt with.

Ridiculous Cockburn's Statement.

The budget debate was continued by F. C. Cockburn, who ridiculed the contention of W. F. Cockburn that the late government had shared Ontario and other provinces for the benefit of Nova Scotia. The supplementary returns alone, he said, contained 125 times for Nova Scotia, in addition to the same number in the main returns.

Mr. Carvell said that he did not propose at that moment to contend that the proposed expenditures were not all right, but there seemed to be a shade on the part of the Government to pass the public works estimates towards the end of the session without a full and complete discussion.

R.B. CO. TO DISTRIBUTE 3,000 MANITOBA MAPLES

School Children To Be Encouraged in Civic Beautification—Prizes Will Be Awarded For Best Growing Trees at End of Third Year.

In order to encourage the planting of trees on city lots and to improve the appearance of the city, the R.B. Co. will distribute 2,000 Manitoba maple saplings to the children of the city.

The company's manager, at the end of the third year will give a prize for the best growing tree.

M. B. Booth, manager of the Hudson's Bay Company's stores, stated yesterday that the trees had all been received and would be ready for distribution at the opening of the stores.

It was the intention to have the trees distributed in time for planting on Arbor day, but the trees were late in being delivered and this year they will get their trees there in the morning.

All school children are entitled to get a tree and any other child accompanied by the parent. Attached to each tree will be a little slip giving instructions as to how to plant the tree. There is no restriction as to where the tree must be planted except that it must be planted within three miles of the post office. Those children who desire to compete for the prize which will be given at the end of the third year must notify the company by the end of next year that their trees are growing and that they wish to enter the competition.

A. L. Salisbury, advertising manager, has charge of the tree distribution.

Lefty Steele's Elusive Benders Caused Birds' Downfall

Edmonton Young Southpaw Won First Game of Series For Robin Hood's 2-3-Skeels Featured With Brilliant Catch in Centre Field—Birds Scored 2 Two in the Ninth

The birds presented another makeshift line-up last night and moon only won the first game of the series 2 to 3. Hooten drew his release to left before the game. Dudley was shifted over to third base and Spencer held down the initial sack. Hooten was placed in right field, while Hooten was still out, but broke into the game in the ninth inning in the role of pinch hitter when there was a chance of tying the score.

The regular pitcher, the easiest kind of pitcher for the Robin Hood was national young southpaw Steele, who pitched through for eight innings and allowed only four hits.

Steele's Great Catch.
The game was continued several features, the chief of which was a brilliant catch by Steele in center field in the eighth inning, which ended the game of a sure home run. Steele hit the ball on a high fly and it sailed over the clubhouse. Steele was away with the crack of the bat and he caught the ball over his shoulder. It was the first catch of the season. Steele was awarded a great ovation by the crowd who was in the field.

Edmonton Starts Another Hitter.
On Wednesday night, Edmonton started another nine inning rubber. Two runs were scored on two hits, a base on balls and a sacrifice fly. The Miller had accumulated a five-run lead early in the game and the Robin Hood only saved the birds from their first defeat of the season. Steele opened the inning by striking out. Edmonton placed a nice single through short. Spencer drew his third walk of the evening. Wilson opened the game by striking out. Steele hit a single which went for a double. Edmonton scoring and Spencer taking third. Whisman went into bat for Hooten, and hit a sacrifice fly. Hooten, which scored Spencer. Schultz ended the game by striking out.

Will Pitch Was Good.
More heavy hitting in the third brought the contest to a close. Steele, who was in the line-up, was out at first, sending Porter Steele to second. O'Day connected for another single base hit, this time a double, scoring Butler. Steele's sacrifice fly, which scored O'Day, went down to second on the throw to the plate. The next run died at first.

The Miller launched three hits and a sacrifice in the sixth, but counted only one run. Steele was out at first, sending Porter Steele to second. O'Day connected for another single base hit, this time a double, scoring Butler. Steele's sacrifice fly, which scored O'Day, went down to second on the throw to the plate. The next run died at first.

CURLIE HURLEY CHALLENGER

Spurring Editor, The Bulletin,
Dear Sir—Curly Hurley, feather-weight champion of Ireland, who met Edie Frank and had to quit in the tenth round on account of broken limbs, would like to meet Frank again for 25 or 26 per cent or winner to take all, to show the boxing fans that he is not a yellow star, but a real fighter. He could kick Edie any morning before breakfast. Home can promise a scrum match with Frank, and according to statements sent, Frank is trying to talk out, and says Curly is not in his class. Home would like 125-150 pounds round side any time. Frank is ready to meet him. Home would like to hear from Joe Harris after his fight with Edie Frank. Home has not many good men in his time and has never shown a yellow streak. He will show some whether he has a yellow streak.

Yours very truly,
H. L. HYAMS,
Manager to Curly Hurley.

HURLEY USED A QUARTETTE OF PITCHERS

Quakers Won Heavy Hitting Game From the Red Sox 10 to 8

By Bulletin Leased Wire.
Boston, May 22.—Piling up seven runs in the first three innings and adding the eighth in the fourth inning, Regina beat the Quakers 10 to 8. The interest which is being taken by the fans assures a manager Jameson, who was in the line-up, that he will have a good crowd of spectators.

The referee for the match will be definitely decided upon today. Both Lather and Smith, who have been consigned to act on or other will likely be notified today.

BRONKS HIT HURLEY ALL OVER THE LOT

Medicine Hat Played Poor Ball in the Field and Were Beaten 13 to 2

By Bulletin Leased Wire.
Calgary, May 22.—The Bronchos won a game from the Medicine Hat team this evening by a score of 13 to 2. Picher Hurley was batted all over the lot and his team-mates gave him a lot of support.

The game was a close one, but the Bronchos won in the ninth. The game was a close one, but the Bronchos won in the ninth. The game was a close one, but the Bronchos won in the ninth.

LADIES WILL WATCH WELSH TRAIN TODAY

Ladies' Day at Training Quarters Over 1,000 Eyes Watched Workout Yesterday

This afternoon will be ladies' day at the Thistle rink, where Freddie Welsh and Kid Seely are training for the boxing exhibition next Saturday. Special arrangements have been made for the convenience of the fair sex and a special invitation is issued to the ladies of the city to attend. This is an innovation in Edmonton, but it is nothing new in other cities where ladies' day are set aside as ladies' day and hundreds of women attend and watch the boxers work. The afternoon's program will consist of 30 minutes of boxing with Seely working ten rounds first. Welsh will follow, working the same number of rounds.

A thousand or more fans attended the training quarters yesterday afternoon despite the hot counter-attraction of the race track. The interest which is being taken by the fans assures a manager Jameson, who was in the line-up, that he will have a good crowd of spectators.

The referee for the match will be definitely decided upon today. Both Lather and Smith, who have been consigned to act on or other will likely be notified today.
